Waseda Will Present Strong Lineup Here

Visitors Have Number of Heavy Hitters on Squad—Kawashima Will Bear Burden of Pitching in Coming Series—Cho, the Chinese Star, and Kato, the Peppery Shortfielder, Among the Stars on the Visiting Aggregation

By S. FURUKAWA.

Waseda University baseball team, considered the strongest collection of ball tossers in Japan, will arrive in Honolulu on April 4, in the Shinyo Maru. The team will stay here for three weeks, during which time it will play a series of at least six games with the Oahu League clubs. The strength of Waseda may well be shown by the fact that they have lost but one game to the Meiji University team in three seasons' play. Local fans will recall the feats of the team which visited here last season.

Coach Y. Kono, one of the star pitchers of a few years ago, will come here as manager of the Waseda "Travelers." He will bring 12 nifty players with him, all in the pink of condition after the hard spring training. There are three pitchers, two catchers, four infielders and four outfielders on the squad, namely: Kawashima, Kishi and Ito, pitchers; Ichiohka and Usui, catchers; Hanai, 1b; Asanuma, 2b, also captain; Sakai, 3b; Kato, ss; Yokoyama, lf; Cho, cf; Iida, rf, and Kawashima, utility.

Aggressive Squad.

The Waseda team has always been noted for its aggressiveness, and like the Detroit Tigers, do not know when they are beaten. They never give up until the last man is retired. The present squad is said to be the most peppery bunch ever gathered together in Japan, and the fans should witness many a hard fought battle during their stay here.

Weakness with the stick has always been the fault of Japanese teams visiting Honolulu, but the Wasedas are a bunch of good hitters, and any man on the team is liable to break up the game at any time. Their fielding and base running is exceptionally good, and in these departments will rank with the best. The only noticeable weakness in the visiting team is in the pitching corps. Kawashima is the lone dependable currier.

Kono Knows Game.

Coach Kono is not worrying much on this point, as he is convinced that the hard-hitting and strong defensive play will overcome this defect. Kono is rather a silent man, and does not pull a "Hughie Jennings" on the side lines, but he is a wise old head and knows baseball from A to Z. He has perfected a teamwork that is especially noticeable.

Pitcher Kawashima is the main stay of the team and will pitch all of the important games here. He has a beautiful low drop, with good control, and the Chicago University boys found his offerings hard to hit, and he is certain to bother the local players. He fields his position in good style and also hits well.

Catcher a Star.

Catcher Ichiohka is said to be the best maskman produced by Waseda since the days of Yamawaki, who will be remembered by many of the local fans as the star catcher of the first Waseda team to visit Honolulu. Ichiohka has a good whip, and his throwing to bases is very accurate.

Hanai at the first station is not a star, but he is a consistent player on the defense, and a good hitter in the pinches. Capt. Asanuma, who guards

the keystone sack, is called the "Johnny Evers" of Japan, and that answers the question. He is the cleanup man on the batting order. Sakai at third is a mighty handy man to have on the team. He hits from the port side, and is a clever bunter. He has a good whip across the diamond and is death on bunts and fouls.

"Donnie Bush" Kato is the star shortstopper of the team. He covers acres of ground, and is a star on tagging a runner. He stands only 5 feet 1 inch, which makes him a hard man to pitch to. His ability to secure passes, and his speed on the bases make him an ideal lead-off man.

Chinese Player in Garden.

The real attraction of the Waseda team will be Cho, the center-fielder, a Chinese boy born in Yokohama. He is acknowledged to be the best fly chaser in Japan. They say of him that he plays the outfield like an infielder. He hits from the port side of the plate, and hits them far, and on the bases is daring and should steal bases on the local catchers. Yokoyama and Iida are fine fielders and reliable hitters, the former usually hitting third on the list.

Altogether Waseda has four men who can bat on either side of the plate, and Coach Kono can easily "Stalling" his team without making a change in the lineup. The locals will have no easy time winning from the Waseda squad.

After the series here the Waseda team will go to San Francisco, where they will be welcomed by Pat Page of the University of Chicago. Page has made arrangements with various college and semi-pro teams in the West, and will act as manager of the team during the series on the mainland. The team will probably sail for home from Seattle the latter part of August.

FILIPINO TEAM WILLING TO BE LEAGUE MEMBER

Manager Ocampo of the Filipino team announces that his players will join the junior league if given the opportunity, and with this announcement there are already six teams of different nationalities ready to enter the league.

Manager Ocampo believes that the junior league will be a success and asks that all those interested in the sport assist in boosting. He asserts that the Filipino team will be strong enough to make a fight for the flag and will play for the love of the game.

He has lined up a strong squad, and if the other teams expect to figure in landing the prize, then they had better begin practicing. Here is the squad: Enriquez, Luis and Ortiz as the pitching staff; Batong, c; Reyes, 1b; Planos, 2b; Ramos, ss; Simplico, 3b; Marcia, lf; Tibong, cf, and Ortiz, rf.

A meeting of all those interested in the formation of a junior league will be called in a few days. Those interested are requested to communicate with the sporting editor of the Star-Bulletin.

MILLS SCHOOL HOLDS INTERCLASS MEET ON MANOA FIELD TUESDAY

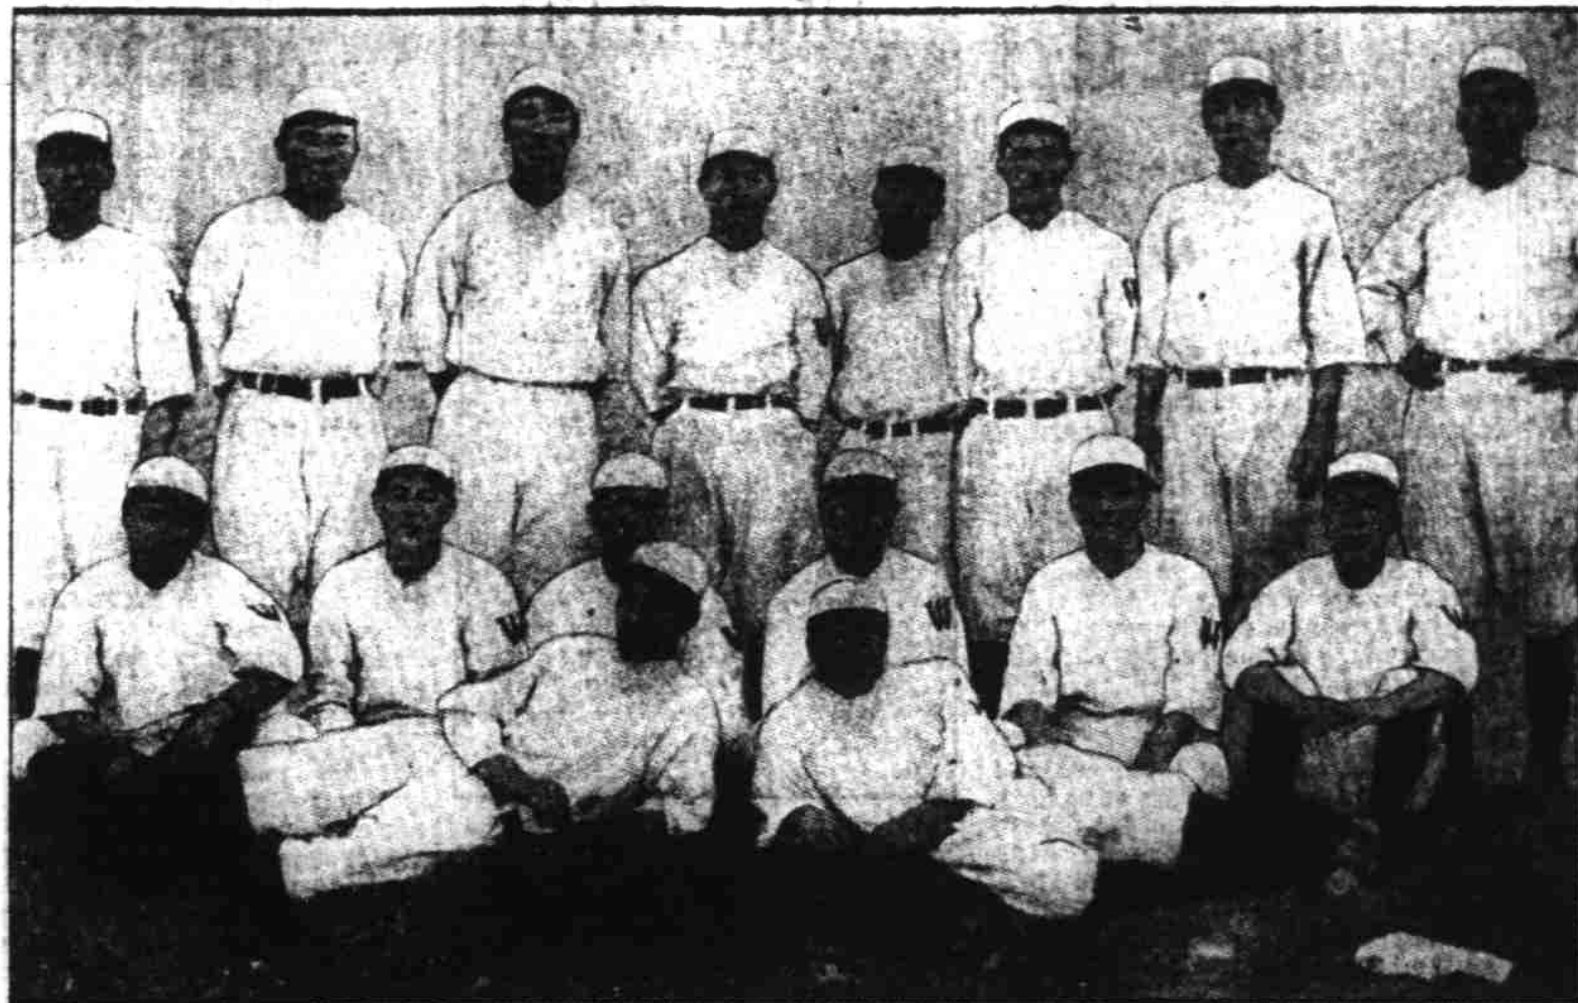

Students of the lower grammar grades, Mills School, were winners in a hotly contested track meet held yesterday afternoon on the athletic field of the Manoa institution.

Points were divided as follows: Lower grammar grades, 32; seniors, 28; juniors, 20; sophomores, 17; upper grammar, 11, and freshmen, 0. The senior team won the relay, which was the last and most exciting event, their team consisting of Yanagi, Sueoka, Kurashige and Wan Chin.

Sam Kahoe, a sturdy Hawaiian lad of 165 pounds, was the individual point winner, netting for the lower grades a total of 13 points. He took first in the shot put, and in the 50-yard dash, and second in the 220-yard dash.

Those who won first places and their events were: 100 yards, Liberto Magplong, lower grammar; 220 yards, Ahn Soon Nam, junior; pole vault, Sekuma, sophomore, and Puuki, junior, tied; half-mile, H. Sueoka, senior; mile, Joseph Amos, senior; 440 yards, Charles W. N. upper grammar; low hurdles, L. Magplong, lower grades; broad jump, Wan Chin, senior; high jump, A. Puuki, junior; shot put, Sam Kahoe, lower grades; 50 yards, Sam Kahoe, lower grades; relay, senior team.

HAWAII LEADS IN GAME FISH SAYS FRED K. BURNHAM

Noted Sportsman Gives Big Boost for Sport in Hawaii To Mainland Press

OAKLAND, Cal.—Frederick K. Burnham, noted sportsman and big-game hunter, has returned from Honolulu with the report that a big revival has taken place there in big game fishing. In fact, Burnham started the revival. He showed the residents of Oahu and Maui what they possessed in the way of tuna, dolphins and a score of other warm-sea game fishes, and how to catch them with hook and line.

Burnham, as a result, returned to San Francisco yesterday after a two months' stay in the islands as first honorary vice-president of the Hawaiian Tuna Club.

"Hawaii is the greatest place for game fishing in the world," said Burnham this morning. "Tuna, dolphin and shark (and Burnham mentioned a dozen varieties of other deep sea game fish by their Hawaiian names) are plentiful and the sport is far more enjoyable than at Catalina or on the Florida coast. While I was at Honolulu the Tuna Club was reorganized and I look to see Hawaii become in a couple of years the chief rendezvous of sporting fishermen of the world."

Burnham introduced kites into tuna and shark fishing in Hawaii and the Japanese market fishermen are now using kites. By this method bait is suspended from a kite attached by a long line to the boat bearing the fisherman. A reel line also attached to the bait lands the fish. A movement has been started in Hawaii to advertise their game fishing to attract sportsmen from the United States.

Burnham is one of the best known sportsmen in the United States. He has hunted in Africa, Alaska and the Yukon Territory, Australia and India. As vice-commodore of the Motor Boat Club of America he won the international boat race with Dixie III several years ago. He became a resident of California two years ago and has a home near Martinez.

HAS PLENTY OF OARSMEN.

University of California Has 250 Men for Two Eights.

Ben Wallis, a former Yale oarsman, and Ted Meyer, a Harvard crew man, are in charge of the 250 candidates for places on the University of California freshmen and varsity eight oared crews. The varsity crew includes three of last year's eight.

The principal race will be with Stanford and University of Washington, Seattle, in April.

GREAT EXCITEMENT! CHECKERS BY MAIL

John Zak of Wampum, champion checker player of Lawrence county, Pa., is playing a game of checkers by mail with an expert of Pasadena, Cal. It started six months ago and probably will not be completed until September 1, and then it may be a draw. The moves are three weeks apart. The players use a standard checkerboard, upon which each records his move and then mails the board to his opponent. It costs 6 cents postage for each trip of the board.

Friday's Match.

Triple A vs. P. B. C.

The Dormitory Club completed its first round schedule with four straight points over the H. A. C. in last night's club bowling league match on the Y. M. C. A. Alleys. All the games were close until the closing frames, when the Dormitory men proved superior finishers.

Louis Stephens was high man for the evening with an average of 174 and 202 for high score. H. Margon led the winning team in average with 167, while Ivan Henry had high score, 190.

A meeting of the club league committee is called for 5 o'clock this afternoon, when important matters relating to the schedule for the balance of the season will be settled.

The Honolulu bowl the Chechakos in the senior league at 7:30 tonight. Both teams will have their best men in the lineup. Tomorrow the All-Chinese will have their meet tested when they encounter the crack Oahu team. Last night's figures:

RUFUS WILLIAMS AND JOE POTTS TO CLASH SOON

Champion Ring Artists Booked to Meet at Armory in 25 Round Boxing Bout

That much disputed question as to the relative merits of Joe Potts and Rufus Williams will be settled some time during the middle of April at the armory when these two boxers meet in a 25-round bout.

The two knights of the squared circle are easily the leaders in their class in Hawaii and the fans are certain to see a mighty good go when they clash in their long bout. In their matches before neither boxer was able to send over a sleep producer and the boxing authorities expect to see a grand match for the entire 25 rounds.

Doing Road Work.

Joe Potts has been out on the road the past two weeks and looks in the pink of condition, while Rufus has been training at Schofield. The two boys were scheduled to hook up in a bout at the post, but Potts decided that he would not go on and consequently Rufus had to take on another boy.

The two ringsters are evenly matched and both have proved to be good ring generals. During his stay on the coast Potts won three bouts with a t.o. of the best boys in the four-round game. In his last public workout at the Heaiani smoker he showed that he was right by knocking the Flying Dutchman around at will.

Williams is Ring General.

Rufus is a wise old head when it comes to ring manners and his followers of the 25th Infantry believe that the colored boxer is certain to gain the decision over the Shafterman. In his bout with Fleishman Rufus was going when the going sounded and proceeded to mix things throughout the bout.

In addition to the main event there will be a 10-round go between De Mott and Barbroski. Both boys have appeared in the local smokers and have shown enough to entitle them to a place in the semi-finals.

Wrestling Program.

These bouts will be one of the features of the big wrestling program which will be staged at the armory. Many of the best matmen have promised to appear in the wrestling game and two of the champions who made good in the recent military meet are scheduled to appear.

Wrestling has taken a big hold on athletics here, and as the bouts have all been conducted in an excellent manner it is expected that a large crowd will turn out for the big show. After the wrestling bouts have been run off the boxers have agreed to offer their services to the management for exhibition bouts and the two matches should attract a large crowd. The exact date for the wrestling program is not announced, but it is thought that it will be booked for April 15 or April 18.

Mack Signs New Catcher.

Connie Mack is said to be figuring on Perkins, his young catcher, to be a star this year. This youth and Shang will do the catching for the Athletics, Mack having given up the idea that Shang is a third baseman or anything else but a backstop. Perkins comes from the North Carolina league and is only 20 years of age.

SOUTH PITCHES TWO-HIT GAME IN 91ST TILT

159th Company Lands Championship Yesterday Afternoon, Winning By 10 to 0 Score

(Special Star-Bulletin Correspondence.)

FOUR RUGER, H. T., March 28.—The 159th Company, C. A. C., "All Stars" made the 91st Company, C. A. C., ball tossers look weak Tuesday afternoon when they closed the one company championship series by winning the fourth game of the series by a score of 10 to 0. The 159th Company won the first, third and fourth games, all by decisive scores and lost the second game by a score of 2 to 0.

The 91st squad was outplayed all around and South proved himself to be far superior to "King" Kelly, who was touched for one three-base hit, one two-base hit and nine singles. His control of the horsehide was rather poor at times, walking three batters and making three wild pitches. The fielding of the Kamehameha boys was very loose in the fourth inning and five well placed hits, coupled with four fielding errors and two wild pitches, sent seven runners scampering across the plate. Hinz scored in the fifth, after getting a base on balls and going to second on a passed ball by McGann and then romping home when Armstrong dropped a nice fly to left field off Perry's bat. The "Rugers" came to front again in the ninth, getting two more runs. E. Armstrong failed to handle a nice grounder at second off Smith's bat, Benham sent a long drive to deep center, which went for three bases, scoring Smith. Bailey took three hearty swings at the pellet and retired. Hinz sent a fine drive to right, scoring Benham.

South was in perfect form and had the 81st boys at his mercy at all times, striking out 14 batters, issuing but two free passes and allowing only two hits. The Kamehameha boys failed to get a man on first until the sixth inning, when Jones drew a base on balls. Only six men reached first base safely the entire game, four of them "dying" there, while two advanced to second but failed to reach third. Andrus made a desperate attempt to go to third after getting a single in the eighth inning and going to second on South's wild pitch. He took a big lead several times, but was sent sliding back to the bag each time. South finally succeeded in throwing him out after several attempts.

The pitching of South all this season has been of the "A1" quality and he has contributed materially to the success of the 159th Company team and should be improved as he has the past six months he will soon be "showing" in organized baseball.

WENDELL AND KRAENZLEIN HOLD LOW HURDLE RECORD

Note! The world's record for the 220-yard low hurdles is held jointly by J. I. Wendell of Wesleyan and Alvin Kraenzlein of Pennsylvania. Their record is 23.3 seconds. In yesterday's edition the mark was printed as 23.2 seconds, which was an error in transcription. One of the readers called our attention to this error, which proves that the readers as a rule are well posted on athletic events.

Fred Murray, a brother of Lindsey Murray, the well-known tennis star; Fred Kelly and John Eller have made the best time on a curved track, but the world's record honors go to the Wesleyan and Pennsylvania athletes.

Chicago's 4,687 miles of streets and alleys exceed by one-half the total mileage of public roads in the state of Delaware.

COMPANY F HAS DEFEAT MARKED AGAINST THEM

Eyes Win From Undefeated Team With York on Losers' End at Post Yesterday

(Special Star-Bulletin Correspondence.)

SCHOFIELD BARBACLES, March 28.—Company F, Company F 4, That was the sorrowful story told as the twilight faded. The hitherto undefeated baseball team from Company F, the team which had until today met all comers in the 1st Infantry League and had trounced them all, good and bad alike, went down to defeat before 1 Company's prowess today. The impartial followers of the game who witnessed the contest, say that F Company beat themselves and a close scrutiny of the score would indicate the same thing. Nevertheless, 1 Company played good ball and not once did they slip up on taking advantage of their opponent's misplays, and that is the kind of ball that wins games. York "the mighty," was in the box for F Company and only allowed three hits, two of which were made by Kwiecinski, who is developing to be a better batter every day. In fact, any man who gets two hits off York when he is working as well as he was today, is some hitter.

F Company got five hits from Johnson's delivery and these needed them four runs, which should have been sufficient to win the game, but the work of F Company's infield was very poor—the bleachers called it "rotten." Their six errors all came at inopportune times and helped materially to swell 1 Company's score. York struck out 12 men in addition to only allowing three hits and deserved to win his game. This defeat did not pull F Company out of first place, for it is the only game that they have lost, but they can hardly be expected to hold their exalted position and play the class of ball they turned out today. F Company's poor work does not take any of the glory of the victory away from 1, for they played first-class ball from start to finish, and from the quality of their game deserved to win as they gloriously did.

Two-base hit, Kwiecinski; double play, York to Fitzgerald; struck out, by York 12, by Johnson 3; bases on balls, off York 2, off Johnson 3; passed balls, Collins 1, Laws 1.

PUNAHOU MEET WILL BE NOVEL

(Special Star-Bulletin Correspondence.)

OAHU COLLEGE, March 29.—An interesting post-season track meet is to be held on Alexander Field for the students of Punahou Academy Thursday and Friday afternoons of this week.

The meet will be rather novel in the islands. It is modeled largely after the recent Madison Square Garden meets of New York and it is a contest in all-round track athletics.

There will be three track and three field events, as follows: Four hundred forty-yard run, 220-yard run and 100-yard dash, shotput, high jump and broad jump. Each contestant must enter all the events and he will score in each event, no matter if he be last in the event. If there are 20 contestants for the shotput, for instance, the man winning first place will win 20 points, the man winning second place will win 19 points and so on down to the last man, who will win one point. The possible number of points to be scored is therefore large.

The meet may be made an annual post-season affair and if it is it will be interesting to compare the individual records of each boy from year to year through his academy course, thus watching his athletic progress. There are several Punahou athletes who should be close contenders for the individual point honors. Capt. George Lindely is a good all-round athlete; he can sprint, his specialty is the jumps, and he is above the average in the shotput. Napihaa is another very promising athlete in all events. Gordon Gibb, John Gifford, Antone Correa, Ernest Mott-Smith, Fred Peterson, George Bromley and a score of other men will make a very fast meet.

The events will be held on two days. On Thursday, March 30, the shotput, 220-yard dash and the broad jump will be held; on Friday, March 31, the 100-yard dash, 440-yard dash and the high jump will take place.
